

## A NEW ZEALAND IDENTITY

by Jack Brandt

New Zealand perfins have had at least three different catalogues, so one should be pleased when one finds a perfin unrecorded in any of them. My new type is J/NATHAN/& Co of Gibbons 187. Has anyone else a copy of this type, or does anyone know anything about the user?

For members interest the three catalogues are :-

1. Perfins of New Zealand - R.M. Startup, undated, published by The Perfin Club.
2. New Zealand Stamps with Perforated Initials - R.D. Samuel, 1968, published by The Postal History Society of New Zealand Inc.
3. The Tasman Catalogue of New Zealand "Perfins" 1970, published by Laurie Franks Ltd.
